

## W. C. GREENE PARTY MAKE HURRIED VISIT IN THIS SECTION

TRAIN HELD THIRTY MINUTES  
FOR SIGHT-SEE-  
ING.

Distinguished Men of the United States Accompany the Copper Magistrate—Hunting Trip Planned for the Sierra Madre.

Attached to the regular train from Douglas yesterday morning was the private car "Sunset," bearing Col. W. C. Greene and party enroute from New York City to Cananea. The train was held here for thirty minutes while the party whirled about the city seeing special points of interest. Col. Greene taking advantage of the opportunity to peek in on the stock board at the office of Frank J. Graf, in the Copper Queen Hotel building.

The distinguished party accompanying Col. W. C. Greene yesterday was composed of some of the prominent men of the United States in the political world as well as the financial. The personnel included:

Col. Myron W. Parker, of Washington, D. C., a noted financier and politician. He is also either an officer or a director of many of the public institutions of Washington. He is a very prominent Mason.

Hon. Spencer Blackburn, representative in the national congress from North Carolina.

Hon. C. J. Harris, ex-governor of North Carolina, formerly president of the state republican league and a member of the industrial commission. His home is at Hillsboro, N. C. He is prominently identified with the lumber interests of his state.

U. A. Woodbury, governor of Vermont from 1894 to 1896. He is a veteran of the Civil war and his home is in Burlington, Vermont.

Capt. B. C. Mossman, a well known cattleman and former captain of the Arizona rangers.

Hon. Ashbury C. Latimer, United States Senator from South Carolina, a prominent Democrat and represented his state in the house of representatives before he was elected senator. His present term expires in 1909. His home is in Belton, South Carolina.

Hon. George W. Fairchild, a well known lawyer in the east.

Judge L. H. Hole, of New York. He is the leading member of the firm of W. N. Core and company.

Hon. Norton Chase, lawyer, of the firm of Herrick, Chase & Penny, New York.

Hon. Jacob Weidman and Barry Seales, capitalists and representative men of New York City.

Dr. Elton H. Carpenter, a wealthy physician of Washington, D. C.

Hon. Henry Crenney, of Connecticut, representing a number of capitalists of that state.

Hon. L. M. Terry, a well known man in public life in New Jersey and the national capital.

Representative W. C. Houston of Tennessee.

Col. Greene appeared in excellent spirits. He was the life of the party and appeared more than pleased to be back on his favorite stamping ground. He had a "Hello" for all of his old friends whom he met, and bustled about town in his old accustomed way when he was better known as a cow man of Cochise county than a multi-millionaire.

The party crossed over from the depot to the Copper Queen Hotel, and the first thing any one knew that the distinguished party were in town, was when they made their appearance in the broker's office.

"Hello, Frank!" said Greene, as he advanced across the room and grasped Broker Graf by the hand, whom he had not seen for years, since the old days of Tombstone.

"Come on, you fellows," and give Graf a good order for stock," he continued, in his breezy style, as he introduced the party around the circle. Crossing over to the board he took a squint at Greene Consolidated, which the ticker had just marked 28.5, smiled a satisfied smile, made a note of Amalgamated, and led the party up Main street after ordering the closing quotations sent to him at Cananea during the afternoon.

The next place of interest was the Copper Queen store, where the party was introduced to Manager Brophy, who accompanied the party to the train on their departure. The brief stay of the party in town was purely and simply sight-seeing, and that was done in a big hurry.

The train left here at 9:30 a. m. and Col. Greene and party went direct to Hereford, where the copper magnate had some cattle business that demanded his attention. With him on this trip was Capt. Mossman, who has a gigantic cattle deal on foot in connection with Col. Greene which involves a sum of money of not less than half a million dollars.

After a short stay at Hereford the party returned to Naco where the train was in waiting to convey the party to Cananea.

At this latter place a stay of one week will be made, when the party will return to El Paso and depart for the Sierra Madre country in Chihuahua, where a big hunting expedition is being planned.

Several prominent citizens of El Paso have been invited to accompany the party on the hunting trip, and includes Judge A. B. Fall, Mayor Chas. Davis, Capt. Patrick Garrett, Dr. I. J. Bush, Messrs. Scott White, Chas. F. Hunt, Tom Powers, Henry Mansfield, Chas. Davis, P. S. Fall, H. G. Cluna and Ralph Hunt. All members of the party are looking forward with a great deal of pleasure to this trip into the Sierra Madre, which has lately been brought into prominence by the operations of Col. Greene and associates.

## WARREN DEVELOPMENT IS THE DOPE AMONG THE SPECULATORS

H. A. SMITH, PROMOTER OF COMPANY, EXPECTED HERE THIS WEEK.

Junction Was Offered at \$80 on Yesterday, With \$75 the Best Bid—P. & D. Still Holds Around \$20, With No Buyers.

The chief feature of today's topic was the Warren Development. Many wanted to subscribe for stock, and many inquiries came regarding its location. We are positive that the property is within the Bonanza Circle, and they have good ground. We cannot state just where it is, for we are not positive. Bisbee people are commencing to realize the value of getting any of the stock that is being floated by monied and mining men on the ground floor.

We have tried hard to get the exact data regarding this new property, and who are behind it. We will endeavor to have it shortly. We will try and get, if possible, enough to give you all a little bit of it. We, however, may not get any. Judging from orders received today, the public are looking for a further decline in the market. Late this evening the market was a dead one, as there were plenty of offerings and no bids.

The Deun-Arizona has got their timbers on the ground, and the new shaft is to be commenced tomorrow.

Junction had been offered at \$80 during the day, while \$75 was the very best bid that could be had. Pittsburg & Duluth holds at \$20, and no bids.

H. A. Smith, who seems to be the principal mover behind the Warren Development company, is expected in Bisbee the latter part of the week. A telegram from him yesterday located him in Chicago enroute to Bisbee.

It may be that the talk of Warren Development company stock has had a depressing effect on Bonanza Circle old line companies. At any rate there is nothing doing, and a further decline may be expected today.

Buyers who are more or less familiar with conditions underground are wondering over the low price of P. & D. As stated before in these columns a sharp advance may be expected in this stock before the summer months have come and gone.

The closing quotations today were as follows:

Bisbee and Miscellaneous.

## NEW YORK EXPECTS FINANCIAL SUPPORT FOR AMALGAMATED

U. S. STEEL NET EARNINGS FOR MARCH QUARTER WAS \$23,025,898.

Increased Earnings Shown for Industrials and Railroads—Banks Make Gain From Sub-Treasury.

(By Private Wire to Frank J. Graf, Broker, C. Q. Hotel Bldg.)

New York, April 26.—Good support may be expected in Amalgamated and other stocks, in which strong pools are operating, but we look for lower prices before the end of the week, and advise taking profits on stocks bought on decline and moderate selling from the level.

New York Summary.

New York, April 26.—This was settling day in London. There is no news of the naval situation in the Far East. Steel net earnings for the March quarter were \$23,025,898, with unfilled orders for 5,597,560 tons. Renewal of efforts to sell C. F. I. to the U. S. Steel corporation are reported. Norfolk & Western earnings this month to date are in excess of the record showing of March. Loans are plentiful. The end of the copper war in Montana is believed to be approaching. European markets are slack in following the price of copper metal. Seven roads for the third week of April show gross increase of 7.07 per cent. The banks gained from the sub-treasury since Friday \$895,990. Twelve industrials advanced .38. Twenty active railroads advanced .23.

CIVIL SERVICE EXAMINATIONS

The United States civil service commission announces an examination to be held in May at Phoenix to secure eligibles from which to fill a vacancy in the position of book keeper in the department service. The age limit is twenty years or over at the time of the examination. On April 26, 27 and 28 an examination will be held for the purpose of filling a vacancy in the position of mechanical draftsman in the ordnance department at large.

MURDERED HER CHILD

Insane Mother Strikes Baby's Head With a Hammer.

Anaconda, April 26.—Mrs. William Henderson crushed her baby's skull with a hammer this morning while the little one slept. The family reside at 516 Washington street, and the baby is but seven months old.

It is supposed that the woman became insane and while in this condition snatched up a large hammer and struck the baby on the head, striking the frontal bone and crushing the skull. Afterward the mother picked up the child and ran over to the residence of Rev. Father Lightman and told him what she had done.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all dealers in patent medicines.
